

# This **SUMMER** Prevent to enjoy

Follow these simple suggestions to make your vacation safe

Before you leave...

Learn on weather conditions along the way and at your destination

Check your home's security and safety. Shut off power, water, and gas mains

Place important documents in a safe location

Inform family members or friends on the address and telephone number where you can be reached

Make sure everybody has his/her ID and blood type information

Make sure your vehicle has good working conditions. Carry a tools kit and fire extinguisher

If you are leaving the country, register at Secretaria de Relaciones Exteriores (SRE) = Foreign Affairs Secretariat's web page and follow the Traveler's Guidelines

During the trip...

If you are driving, follow traffic regulations. Be very careful along landslide and flooding areas, and consider visibility conditions

If you are traveling with children and seniors, foresee their requirements, and don't lose track of them

If you find rain, be extremely careful and don't cross rivers or fords

Plan an alternate route, in case of blockage

So that you and your family enjoy #VERANO

At your destination...

If you visit rivers, coast or inland resorts, and lagoons, obey civil protection indications; identify medical services, and have emergency phones at hand

If you visit the Pacific beaches and feel a strong earthquake, immediately move to high areas because there may be the possibility of a tsunami

If you are exposed to direct sunlight, use sun screen, hat and dark eyeglasses

If you are camping, do so in safe areas and avoid risky locations

Obey instructions by civil protection authorities

If you visit crowded areas, take special care of children and seniors

Use cleanliness to avoid infections

If you stay in a hotel, check their evacuation routes and security zones
